About 1000 Red Cedar, 3½ to 4½ feet, 2 year transplanted, \$20 for 100

These cedars were gathered from the Ozark mountains and grown in Nursery for one year. The right stuff for City Parks, Cemeteries, Lawns, Driveways and Windbreaks. Lining out in Nursery and Retail trade.

We have about 35 thousand 2-year transplants, one-cent higher on each grade. A little better tops and roots.

Measurements made from top of roots to top of tree. Packing will be reasonable.
